- Taito's LEGENDARY shooters are FINALLY coming to the Nintendo Switch and back to the PlayStation
- Some of the most IMPRESSIVE and DAZZLING vertical shooters of the arcade scene
- A MARVEL to behold, even by today's standards
- Outstanding Shoot 'em Up gameplay focusing on lock-on lasers, various shot types and challenging bosses
- The complete package for shooter fans with top-notch graphics, music, gameplay and difficulty
- Enhanced visuals with new textures and crisper graphics
- Visually appealing level design with wonderful colors that create an authentic look and engage the story perfectly!
- Two versions: Enjoy the original arcade experience and the enhanced HD versions with new features
- Scores by TAITO's legendary sound team ZUNTATA

## RayStorm x RayCrisis HD Collection

Two of the most iconic vertical shoot 'em ups TAITO has ever released are coming to the West for a special HD collection with new features. Jump into the cockpit once more in the original RayStorm and RayCrisis to relive the excitement of epic battles in outer space and cyber space!

レイストーム  
**RAYSTORM**  
HD COLLECTION  
**X RAYCRISIS**

RayCrisis marked a style departure from the rest of the series. As a prequel to RayForce, it details the time in which the supercomputer called Con-Human gained sentience and rebelled against its human creators. Hack into cyberspace and keep the malicious AI from causing any more chaos.

Set in a parallel universe, in RayStorm the earth has prospered enough to expand space colonies all the way into Orion. Unfortunately, one rebellious colony plans to obliterate earth and only you can stop them.

Talk about a BLAST from the PAST..and the FUTURE! Reviews are very positive, reflecting the nearly legendary status of these shooters – outstanding gameplay, visual appeal, wonderful colours, a diverse collection of impressive ships with amazing abilities- this collection simply has it all!

“Those thirsting for an amazing old school shooting experience can relax - your game has arrived..”  
-Gamespot

“Overall, this is an awesome arcade PSX shooter that combines 2D with 3D in just the right way. It has cool levels and interesting background

What's this?

**Summary:** Grab your oxygen mask and jump into the future of interplanetary defense. The year is 2219AD, and Earth's Star Federation has unleashed the R-GRAY advanced tactical combat fighter to save the planet from certain destruction at the hands of the bloodthirsty Secilia Federation. Despite... [Expand](#)

RAYCRISIS

## Ray Crisis

Not super-deep, but it's still a fun, colorful shooter, with Taito's classic lock-on system.
