|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (D)                                                                                                                                                                                                                                        | Wandbefestigung dient als Kippschutz – unbedingt anbringen! Bei einigen Wandtypen kann ein Spezialdübel erforderlich sein!                                                      |
| (GB)                                                                                                                                                                                                                                       | The wall fastening serves to prevent tipping – be absolutely sure to mount it! For certain wall types, a special wall plug may be necessary!                                    |
| (FR)                                                                                                                                                                                                                                       | La fixation murale sert de protection contre le basculement – à installer impérativement ! Pour certains types de murs il faut des chevilles spéciales !                        |
| (IT)                                                                                                                                                                                                                                       | Il fissaggio alla parete serve da protezione anti-ribaltamento – attaccarla assolutamente! Per alcune strutture di parete può essere necessario un tassello speciale!           |
| (NL)                                                                                                                                                                                                                                       | Bevestiging aan de muur dient als kantelbescherming – zeker en vast bevestigen! Bij enkele muurtypen is een speciale plug misschien vereist!                                    |
| (PL)                                                                                                                                                                                                                                       | Mocowanie do ściany jest jednocześnie zabezpieczeniem przed przewróceniem – koniecznie zamontować! Do niektórych rodzajów ścian koniecznie zastosować specjalne kołki mocujące. |
| (CZ)                                                                                                                                                                                                                                       | Montáž na stěnu slouží jako ochrana proti převrhnutí – bezpodmienečně umístit! U některých typů stěn může být zapotřebí speciální hmoždinka!                                    |
| (SK)                                                                                                                                                                                                                                       | Upevnenie na stenu slúži ako ochrana proti prevráteniu – bezpodmienečne použiť! Pre niektoré druhy stien môže byť potrebná špeciálna hmoždinka!                                 |
| (HU)                                                                                                                                                                                                                                       | A terméket a falhoz kel rögzíteni, különben az felborulhat! Egyes fal típusoknál speciális tiplit kell használni!                                                               |
| (RO)                                                                                                                                                                                                                                       | Sistemul de fixare la perete servește ca protecție la răsturnare – de montat obligatoriu! Pentru unele tipuri de pereți este posibil să fie necesar un diblu special!           |
| (TR)                                                                                                                                                                                                                                       | Duvardaki sabitleme, devrilmeye karşı bir emniyet tedbiridir ve mutlaka monte edilmelidir! Bazı duvar tiplerinde bunun için özel bir dübel gerekli olabilir!                    |
| (RU)                                                                                                                                                                                                                                       | Обязательно установите крепление на стене во избежание опрокидывания! Для некоторых типов стен может потребоваться специальный дюбель!                                          |
