| OPEN-EAR DESIGN |  |  | ENHANCED BASS |
| RICH SOUND EXPERIENCE |  |  | LIGHTWEIGHT & IDEAL FOR SPORTS |
| UP TO 10 HOURS OF MUSIC PLAYTIME |  |  | IP55 WATER RESISTANT |

- Bone conduction headphones with excellent sound quality, up to 10 hours of battery life, made for sports.
- Open-ear technology allows you to listen to music and still hear your surroundings, making them great for staying aware of the nature or traffic around you.
- Suunto Sonic features a newly designed sound transducer allowing for a higher sensitivity, enhanced bass effect and a reduction in noise leakage.
- Designed to be used during sports, the headphones are lightweight and sit comfortably on your head. They are sweat and water resistant (IP55).
- Having a battery life of up to 10 hours the headphones accompany you during your sports and if they do run out of battery, a quick 5-minute charge keeps the music playing for another 3 hours.
- Connect the headphones to Suunto app to easily change settings, such as changing the sound mode.
