You have just bought a Grosfillex Garden Home. Congratulations on your choice and thank you for the confidence that you have shown in us. We have been paying special attention to the quality of our products for more than 50 years. The quality of the materials used is subject to rigorous checks and is continuously renewed in order to give you the product that meets your expectations.

INFORMATION

The garden shed that you have just bought was designed to be used privately. It has not therefore been designed under any circumstances for a public event or for the exercise of a commercial activity. Depending on the location and the surface in question, the construction of your garden shed may require a work declaration or a prior request for planning permission. We therefore advise you to contact the relevant local authority to obtain all the necessary information before starting your work. We also advise you to speak to your insurance company as cover for your shed may require adding an endorsement to your household insurance.

GUARANTEE CONDITIONS

Like all products in our range, your garden shed benefits from the Grosfillex warranty as follows : The garden shed and its components are guaranteed against any material or manufacturing fault for 10 years as of the date of purchase which appears on your invoice or till receipt with the exception of 'Sherwood' protective coating with 5 years

warranty applicable to all abnormal colour fading.

INSTRUCTIONS FOR USE

Fixing your shed on its support must be carried out using the fastening accessories supplied to you. Finally, whatever your shed's dimension and reference number, we recommend that you reinforce the fastenings to its support by using a Grosfillex gripping kit, available with our after-sales service. Details of this can be found below under the reference number 22 954 031.

WARNING

We would like to draw your attention to some strictly inadvisable practices which could present a danger to yourself or others and which are likely to lead to losing the benefit of our guarantee. We therefore strictly advise against: - using a naked flame or heat source inside or in the immediate proximity of your shed. - installing the shed on a site heavily exposed to wind. - directing the doors towards prevailing wind. - failing to fix the shed to the ground, or even fixing it to the ground without a foundation. - spending prolonged periods of time in the shed in case of exposure to extreme heat, particularly infants, young children and elderly people. - installing electrics which weren't carried out by an approved professional electrician. - storing objects in your shed that are sensitive to humidity, condensation or corrosion.

Reeds meer dan 50 jaar besteden wij bijzondere aandacht aan de kwaliteit van onze producten. De kwaliteit van de gebruikte materialen wordt voortdurend streng gecontroleerd teneinde u producten te kunnen leveren die aan uw verwachtingen voldoen.

NUTTIGE INFORMATIE

Het tuinhuis dat u juist heeft aangekocht werd ontworpen voor eigen gebruik. Het dient dus in geen geval om mensen te ontvangen of een handelsactiviteit in uit te oefenen. Athankelijk van de plaats en de ingenomen oppervlakte ervan, is het mogelijk dat voor de opbouw van dit tuinhuis een kleine bouwvergunning of voorafgaande aanvraag tot bouwvergunning is vereist. Wij raden u dan ook aan om, alvorens met de werken te starten, bij de gemeente hierover de nodige informatie in te winnen.

Wij raden u eveneens aan uw verzekeraar te contacteren, er kan immers een bijvoegsel aan uw woonverzekeringspolis vereist zijn om uw tuinhuisje toe te voegen aan de garantiedekking.

GARANTIEBEPALINGEN

Zoals op alle producten uit ons gamma is ook op dit tuinhuis een Grosfillex garantie van toepassing, onder de volgende voorwaarden : Op dit tuinhuis wordt samen met alle onderdelen een garantie van 10 jaar verleend voor materiaal- of fabricagefouten, te rekenen vanaf de aankoopdatum die zich bovenaan de factuur of op het betalingsbewijs bevindt, met uitzondering van de Sherwood coating, waarop 5 jaar garantie wordt verleend op alle abnormale kleurveranderingen.

In geval van klachten is, zonder uitzondering, de vermelding van het serienummer van het Garden Home tuinhuis én de referentie van het defecte onderdeel vereist. Bovendien moet u uw aankoopbewijs kunnen voorleggen (factuur of kassabon). Deze informatie kunt u terugvinden op de montage instructies of op onze site www.grosfillex.com. GEBRUIKSAANWIJZINGEN

Tuinhuisjes met kleine afmetingen (tot 5 m2) kunnen worden geplaatst en bevestigd op grindbetonteekplaten, op de door Grosfillex in een aparte set geleverde vloerteegels of op betonnen hoekpunten. Boven deze afmeting van 5m2 raden wij u naar keuze aan: 1) vooraf leggen van een betonnen vloer (fundering), 2) plaatsen van hoekpunten van beton + het gebruik van vloerteegels van Grosfillex + bevestiging met een verankeringsset van Grosfillex. Het tuinhuisje moet op de ondergrond worden vastgemaakt met behulp van bevestigingsaccessoires die u worden geleverd. En tot slot raden wij u aan om, ongeacht de afmetingen en het type van uw tuinhuisje, de bevestiging op de ondergrond te verstevigen met behulp van de Grosfillex verankeringskit die verkrijgbaar is bij onze klantendienst. U vindt de respectieve gegevens hierna onder referentie 22 954 031.

WAARSCHUWING

Hierbij wijzen wij u op enkele praktijken die we formeel afraden omdat ze zowel voor uzelf als voor anderen gevaarlijk kunnen zijn, en omdat ze ervoor kunnen zorgen dat uw garantie nietig wordt.

- een naakte vlam of eender welke verwarmingsbron te gebruiken in of in de onmiddellijke omgeving van het tuinhuisje,
- het tuinhuisje te plaatsen op een locatie waar het heel sterk waait,

- het tuinhuisje te installeren zonder de nodige bevestiging of rechtstreeks op de grond, zonder fundering,
- vooral zuigelingen, jonge kinderen of oudere mensen langere tijd in het tuinhuisje te laten verblijven wanneer de temperatuur er hoog is,
- eender welke elektriciteitsaansluiting te laten uitvoeren door iemand die geen erkend professioneel elektricien is,
- in uw tuinhuisje voorwerpen op te slaan die gevoelig zijn voor vocht, condensatie of corrosie.
