FAIRPHONE

Fairphone 4 proudly stands out with the next level of FAIR

HIGHLY CONFIDENTIAL

Extended 5-year warranty

Availability of spare parts guaranteed combined with long-term software support

E-waste neutral

The first e-waste neutral handset on the market: We recycle the total volume of products we sell

World-leading repairability

Highest scoring smartphone in the market

Improved working conditions

We continue our living wage program and expand partnerships with strategic suppliers to $\geq 50\%$ to improve working conditions

70% Fair content during its life

14 focus materials and the first company to also integrate Fairtrade Silver into an electronics supply chain

Blue Angel | TCO

3rd party validation. The only smartphone on the market with the Blue Angel certificate (after Fairphone 2) or the first smartphone to become TCO Certified.

Welcome to the fair side

HIGHLY
CONFIDENTIAL

Two variants

Black

6 GB RAM, 128 GB Internal Memory

Black and green

8 GB RAM, 256 GB Internal Memory

What's in the box

- Device
- Quickstart and health & safety guide
- Leaflet for warranty activation

“If you don't need it, we don't include it.”
We don't include a charger and cable in the box to promote using the accessories that consumers already own and help to cut down on e-waste.
