LAMPES A PORTER

Swap mini is a battery-operated, portable and rechargeable table lamp. It has a contact charging base and dimmer touch control. Thanks to its small size (height 14.8 cm and diameter 10 cm) it creates the right atmosphere both indoor and outdoor.

Conceived to be used in bistros and bars, Swap mini is also ideal for environments to illuminate in a discreet and soft way.

The lamp is available in nine color finishes:

- "Basic" colors (white, corten and black) suitable for classic environments, where the lamp creates the luminous effect, remaining discreet;
- "Pop" colors (Capri blue, lilac, apple green and orange) suitable for lively environments, where colors and contrasts make the environment stand out;
- Galvanic finishes (shiny gold and chrome) that create a refined and comfortable atmosphere, embellishing the surrounding environment. These lamps are not suitable for outdoor use.

Accessories:

- Multi-contact charging base (max 12 pcs) - LD0350RP
- Multi-socket USB charger (8xUSB) - LD0340RA
- Replacement battery pack BAT04701906701902
