

paq user manual

Assembly to chair

1. Fold the mattress, so the short sides meet
2. Zip it together and form a cylinder

3. Set it vertically, zipper slider on the top
4. Push it onto the barrel

5. Turn it, so the zipper is on the opposing side
6. Push in the upper side of the cylinder

7. Close the zipper
8. Enjoy your paq chair!

Assembly to bed

1. Unzip the chair starting from the seat

2. Let the mattress rest for some minutes to regain its shape

Contents of this box

1. Mattress
2. Mattress cover
3. Barrel
4. Barrel cover

After opening the box

1. Release the mattress from the barrel with caution
2. Let the mattress rest for few hours before assembling, so it regains its shape
3. Put the cover on the barrel
4. Close the zippers
5. Now it's a temporary bed! All the creases disappear after a day of use

Maintenance

To preserve the elasticity of the mattress fold out the chair and let it stay in a laying position for a day once every month.

If subjected to intensive use it is recommended to wash the covers monthly. Machine-wash warm (max 40°C) turned inside out. Do not put the cover in the dryer and do not iron it.

The barrel is made of cardboard, do not expose it to moisture. The chair is for indoor use only.

Paq chair comes with a 24 months warranty.
