

Product fiche

Delegated Regulation (EU) 626/2011

Supplier name or trademark	Freeze
Model identifier	nine
Indoor Model Identifier(s)	nine
Outdoor Model Identifier	nine
Inside sound power levels (Cooling mode)	65 dB
Outside sound power levels (Cooling mode)	- dB
Refrigerant Name	R290
Refrigerant GWP	3,000
Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 3,000. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 3,000 times higher than 1 kg of CO ₂ , over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.	
Cooling Mode	
Energy Efficiency Ratio (EER)	2,6
Energy Efficiency Class	A
Hourly electricity consumption	Energy consumption 1,0 kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.
Cooling capacity	2,6 kW

EPREL registration number: 2740843

Model placed on the Union market from 01/07/2026.
