

## SoundForm™ Pulse Noise Cancelling Earbuds

Enjoy high-fidelity sound and premium features with SoundForm Pulse Noise Cancelling Earbuds. Three mics per earbud drive Hybrid ANC (Active Noise Cancelling) technology to quiet distractions and the roar of everyday elements. When hearing the environment around you is essential, Hear-Thru mode allows background sounds in to help you stay alert to your surroundings. You'll keep the music going with up to 35 hours of total playtime and appreciate quick connection on any smartphone, including the Android-friendly Google Fast Pair. Featuring a Bluetooth® chipset with multipoint connection, you'll seamlessly switch between phones, tablets and laptops, never missing a call or notification during work or play. The final touches come with our complimentary SoundForm app, allowing you to dial in your preferred acoustic experience with custom EQ settings.

### Product Benefits

- Hybrid ANC (Active Noise Cancellation) seeks out ambient noise and cancels it for clearer calls, elimination of noise and distraction
- Hear-Thru mode enables users to adjust ambient sound levels so they can stay alert of their surroundings
- Bluetooth chipset offers multipoint connection, so you'll connect and seamlessly switch between multiple devices with premium audio that keeps up with your schedule
- Up to 35 hours of battery life—7 hours of playtime per charge for the earbuds, plus another 28 hours of battery in the charging case, mean you can talk, listen and stream uninterrupted
- Superior sound quality from 12mm dynamic drivers lets you hear every detail
- Android-friendly Google Fast Pair allows your phone to automatically discover nearby SoundForm Pulse earbuds and connect with a simple tap
- Three microphones (two outer, one inner) in each earbud
- Customize with the SOUNDFORM app – assign earbud touch-control functions, dial-in your favorite EQ curve or select a preset, and adjust Hear-Thru levels to create your perfect audio environment
- Silicone ear tips allow for a light, ergonomic fit for earbuds to sit comfortably and snugly in place
- App-free push buttons control ANC and Hear-Thru mode; play, pause and skip music tracks; and allow taking calls with just a few taps
- Sweat- and water-resistant IPX5-rated materials protect through bad weather and tough workouts
- Mono mode enables the use of one earbud at a time to extend battery life and stay alert to surroundings
