AntiBacterial*
PanzerGlass™

We need change. And MATRIX is change. It is made of 100% recycled plastic. It is designed to prolong the life of your Samsung. It comes in FSC-certified packaging. And it is developed to give you the best user experience ever: from easier installation to better protection. In other words: MATRIX does not do short cuts. MATRIX does not do “good enough”. MATRIX does NOT break. It is a complete solution designed specifically for the S-series. MATRIX ensures 100% ultrasonic fingerprint reader compatibility, so you can be sure that your phone unlocks smoothly every time. It even comes with an AlignerKit that makes installation a piece of cake (seriously!).

MATRIX provides what we call Ultra-Wide Fit, meaning it covers the entire front surface of your phone to provide superb screen protection and a complete screen view, while still leaving room for a protective case.

P.S. This product is SMAPP-certified by Samsung. This is your guarantee that the product fits your Samsung mobile device.
