- Weight incl. Packaging: 0.906 kg

Highlights

Packed with features

A large, clear digital-time display glows at the front of this Bluetooth clock radio. Key controls are located on the top panel, which also hides a wireless Qi charging pad for your phone. For older-style phones, there's a USB charging port.

DAB+/FM radio. Digital tuning

From non-stop music to the latest news, this digital radio is your ticket to better listening! The DAB+ tuner delivers crystal-clear reception, and you can set up to 20 presets for your favorite stations.

Sleep Timer

Drift into restful sleep with your favorite station playing in the background. You can set the clock's Sleep Timer to play the radio for up to 2 hours. After your preset time has elapsed, the radio turns off.

Dual alarm

The dual alarm function lets you set two different alarms, and wakes you to your favorite radio station or a buzzer. Perfect if you're likely to snooze through the first alarm. Or if your partner needs to wake before you.

Auto time sync. Battery backup

This alarm clock automatically syncs time, and it also has a battery backup. If there's a power failure, you won't have to reset the clock and your alarm settings will be saved.
