

USB-powered LED-strip, 2m

SH-LS2MUSB

Upgrade your lighting game with our 2m USB-powered LED strip! Perfect for adding a pop of color and ambiance to any room in your home. Simply plug into any USB port and you're good to go!

This LED strip is both flexible and strong, allowing you to bend and mold it to fit any surface with ease. Not only will you be able to enjoy a vibrant and captivating glow, but you'll also save money on energy costs thanks to its energy-efficient LED lights.

With the DELTACO Smart Home app, you take care of all the management for your lights. Installation is quick and smooth without the need for special hubs or gateways. In the app, you can control individual lamps separately or divide them into different rooms to easily manage a group of lamps. In addition to turning a light on or off, you can also set a timer if you want the light to turn off after a certain time. Alternatively, you can schedule specific times when it should be on or off. In the app there is also the possibility to create automatic actions. For example, the light comes on when the sun has gone down, or if you want to group more lights together to do the same thing at a given time.

The DELTACO Smart Home app is available for free for both Android and iOS!

USP

- **Several smart functions**
- **Programmable timer**
- **2 m**
- **Cuttable**
- **Dimmable**
- **5 years warranty**

Specification

Product depth	2000 mm
Product height	2 mm
