

HEAD STRAP 2.0

Head Strap 2.0 lets you capture immersive, hands-free footage from your point of view. Use the headband with the top strap for more support and stability during intense activities, or the headband on its own for a low-profile setup during lower-intensity activities. The removable clip attaches your GoPro to caps, belts and more, while the main headband can strap your GoPro to stationary objects for added versatility.

FEATURES

- Three main setups include fully configured headband with top strap, headband-only mounting and clip-only mounting
- Fully configured headband with top strap provides more support and stability for high-intensity activities like rock climbing, endurance sports and more
- Headband-only configuration provides a comfortable fit and natural look for lower-intensity activities like fishing, cooking or playing with the kids
- Main headband can be easily unlatched and used as an adjustable strap to mount your GoPro to tree trunks, poles or other large stationary objects
- Removable clip mount allows you to attach your GoPro to caps, belts, outerwear and more
- Water-resistant, high-performance strap material with anti-slip design for security, comfort and versatility
