Item Code: **BTTRACY2W**

Item finder

Technical Feature:

- **Works with Find My app** to check the recent location of your object
- **Find your faraway objects:** when you're out of Bluetooth range, use the Find My app to view your object on the map and direct you towards it
- **Find nearby objects:** when you are near your object make Tracy ring by tapping the button on your iPhone
- **Replaceable battery** (CR2032) with 1 year life. Check the battery status in the Find My app
- **IP67:** splash, dust and water resistant to a depth of 1 metre for up to 30 minutes
- **Easy set up** by using the Find My app for pairing

Compatibility: compatible with Apple devices

USP:

Item Finder that works with Find My app already installed on Apple devices

DESCRIPTION:

TRACY keeps track of personal items such as keys, wallets, backpacks, suitcases, and so on.

With TRACY, both distant and nearby objects can be tracked quickly and easily.

TRACY is only compatible with Apple devices as it uses the Find My app, already installed on Apple devices, to check the recent location of your object. Moreover, it comes with a replaceable battery (CR2032) that lasts for 1 year, has IP67 certification, and it's easy to set up as it uses the Find My app for pairing.
