#### Overview

##### 50 Word Product Description

The CORSAIR 2500X Micro ATX Dual Chamber PC Case provides a clean and organized view of your SFF PC through dual tempered glass front panels. Enjoy a clutter-free look with a dedicated chamber for cables and ensure great performance for your system with room for up to 9x 120mm or 4x 140mm fans and keep the cables out of sight by routing them in the second chamber.

#### Overview

##### 100 Word Product Description

The CORSAIR 2500X Micro ATX Dual Chamber PC Case provides a clean and organized view of your SFF PC through dual tempered glass front panels. Enjoy a clutter-free look with a dedicated chamber for cables, hard drives and controllers. The 2500X's small size hides plenty of options for your cooling setup, with room for up to 9x 120mm or 4x 140mm fans and versatile radiator mounting positions in the roof, bottom, and side. Compatibility with reverse connection motherboards gives you a cable-free view of your system. Easy tool-free drive mounts accommodate up to 2x 3.5in or 2x 2.5in storage drives, while a modern front panel I/O including USB 3.2 Gen-2 Type-C offers convenient device access. Built for simplicity and offering a range of customization options, the 2500X ensures your SFF PC looks and performs at its best.
