RU - Общее

Для любого вида поверхности - избегать повреждения острыми или колющими предметами.

Не обрабатывайте поверхности абразивными чистящими или моющими средствами. Для очистки поверхности используйте исключительно влажную салфетку. Этот продукт предусмотрен для применения только в домашних условиях!

Цельная древесина

Маленькие сучки, искривления и короткие трещины являются природными и не могут быть признаны поводом для рекламации.

Различие цвета свидетельствует о подлинности древесины и не является дефектом.

Лакированные поверхности

Не ставьте предметы на поверхность без соответствующей подставки.

Возможные видимые следы полирования и шлифования обусловлены процессом производства и не являются дефектами.

Стеклопные поверхности

Не ставьте горячие или слишком холодные предметы на стеклянную поверхность без подставки.

Не используйте стеклянную поверхность в качестве рабочей поверхности для резки или похожих действий.

Диваны и подушки

Линяющая одежда может окрашивать светлый обивочный материал.

Окрашивание от ткани одежды не может быть признано нами причиной претензии к обивочной ткани.

Металлические поверхности

Слегка видимые следы шлифования под покрытием обусловлены производством и не являются дефектом.

GB - General

Do not damage the surfaces with sharp or pointed objects.

Do not treat the surfaces with aggressive cleaning agents.

Only use a damp cloth to clean the surface.

This product is designed only for use within private homes!

Solid wood

Fine gnarls, knots and small cracks are natural occurrences and quite normal.

Differences in colour are evidence of the genuineness of the wood and do not represent a quality defect.

Painted surfaces

Do not stand objects on the surfaces without placing a coaster underneath.

Any visible signs of polishing and grinding marks are caused during manufacture and do not represent a quality defect.

Glass surfaces

Do not stand hot or very cold items on the glass surface without placing a coaster underneath.

Never use the glass surface as a surface for cutting or similar work.

Cushions and pillows

Non-colour-fast clothing can rub off on the bright upholstery fabrics.

We cannot accept the staining of upholstery fabrics by clothing fabrics rubbing off on them as a reason for complaint.

Metāla virsmas

Nedaudz redzamas pulēšanas vai slīpēšanas pēdas ir ražošanas sekas un nav kvalitātes trūkums.

S - Allmänt

Skada inte några ytor med skarpa eller spetsiga föremål.

Behandla inte ytor med starka puts- eller rengöringsmedel.

För rengöring av ytor, använd endast en fuktad duk.

Denna produkt är endast avsedd för användning i privata hushåll!

Massivt trä

Fina kvistar, utväxter och små sprickor är naturlaterade och utgör ingen reklamationsgrund.

Färgskillnader kommer från trämateriallets åkthet, och är inget kvalitetsfel.

Lackerade ytor

Ställ inte av föremål på ytor utan lämpligt underlägg.

Eventuella synliga polerings- eller slipspår är produktionsrelaterade och utgör inga kvalitetsfel.

Glasytor

Ställ inga varma eller kalla föremål utan lämpligt underlägg på glasytan.

Använd inte glasytor för arbetsyta för tillskärning eller liknande.

Madrasser och kuddar

Inte färgakta beklädnad kan färga av sig på ljusa överdragstygger.

En avfärgning på beklädnadstextilier godtas inte av oss som reklamationsgrund på överdragstyg

Metallytor

Lätt synliga spår från slipning under beläggningen är produktrelaterade och är inget kvalitetsfel.

SK - Všeobecné

Nepoškozujte žiadne povrchy ostrými alebo špičatými predmetmi.

Povrchy neošetrujte agresívnymi čistiacimi prostriedkami.

Na čistenie povrchu používajte iba vlhkú handričku.

Tento produkt je určený iba pre použitie v domácnosti!

Masívne drevo

Jemné uzly, zrasty a malé trhliny sú prirodzené a nie sú žiadnym dôvodom k reklamácii.

Farebné rozdiely sú dôkazom pravosti dreva a nie sú známkou žiadnej nízkej kvality.

Lakované povrchy

Na povrchy nekladte objekty bez príslušných podložiek.

Akékoľvek viditeľné známky leštenia a brúsenia sú spôsobené výrobou a nepredstavujú žiadnu chybu v kvalite.

Sklenené povrchy

Na sklenené povrchy nekladte žiadne horúce alebo veľmi studené predmety bez príslušných podložiek.

Nepoužívajte sklenený povrch ako pracovnú plochu na krájanie alebo podobné činnosti.

Podušky avankúše

Nestále farebné oblečenie môže pofarbiť svetlú potahovú látku.

Zafarbenie oblečením nemožno znašej strany považovať za dôvod k reklamácii potahových látok.

Kovové povrchy

Lahko viditeľné stopy po brúsení náteru sú spôsobené výrobou a nie sú kvalitativným nedostatkom.
