

# HONOR

## HONOR Pad 9

### DESIGN

Dimensions: 278.27mm (W) x 180.11mm (H) x 6.96mm (D)

Weight: 555g<sup>1</sup>

Color: Space Gray, Cyan Lake

### DISPLAY

12.1-inch<sup>2</sup> HONOR FullView Display<sup>3</sup>

88% Screen-to-body ratio<sup>4</sup>

1.07 billion colors<sup>5</sup>

TÜV Rheinland Low Blue Light Certification (Hardware Solution)

TÜV Rheinland Flicker Free Certification<sup>6</sup>

Dynamic Dimming, Circadian Night Display Technology

120Hz screen refresh rate<sup>7</sup>

Resolution: 2560x1600 pixels<sup>8</sup>

PPI: 249

Brightness: up to 500nits (Typical Value)

### AUDIO

8 Speakers with Hi-Res Audio Certification

HONOR Histen Sound

Voice Enhancement<sup>9</sup>

### PROCESSOR

Qualcomm® Snapdragon® 6 Gen 1 (4nm)

CPU: 2.2GHz Cortex-A78 × 4 + 1.8GHz Cortex-A55 × 4

GPU: Qualcomm® Adreno 710

### MEMORY

8GB + 256GB

RAM Turbo provides up to 8GB more memory<sup>10</sup>

### REAR CAMERA

13MP (f/2.0)

### FRONT CAMERA

8MP (f/2.2)

### BATTERY

8300mAh (Typical) Battery

35W Wired Charging (Type-C)<sup>11</sup>

### OPERATING SYSTEM

MagicOS 7.2, based on Android 13

### CONNECTIVITY

Wi-Fi: 2.4GHz & 5GHz

Bluetooth 5.1

Type-C, USB 2.0

### SMART FEATURES

HONOR Connect<sup>12</sup>

HONOR Notes

Multi-screen Collaboration

1. The data comes from the HONOR Lab. The actual weight and thickness may vary depending on the configurations, manufacturing processes, and measurement methods. The thickness of the tablet does not include the bulging section of the camera.

2. With a rounded corners design on the display, the diagonal length of the screen is 12.1 inches when measured according to the standard rectangle (the actual viewable area is slightly smaller)

3. HONOR FullView Display generally refers to HONOR laptop screens with a narrow bezel and high screen-to-body ratio. Please refer to the actual product.

4. The data comes from the HONOR Lab. The screen-to-body ratio is calculated according to the viewable area of the screen to the entire front panel area of the device.

5. The 1.07 billion colors refer to the 10bit color depth (8bit hardware specification and 2bit software algorithm extension)

6. This product is not medical equipment and is not available for treatment.

7. The screen supports a maximum refresh rate of 120 Hz. The refresh rate may vary depending on the application interface and game screen

8. The resolution is measured as a standard rectangle; thus, the effective pixels are slightly less.

9. Supported APPs are still being adapted. User experience may vary slightly depending on individual APPs. Please refer to the actual experience.

10. Through HONOR RAM Turbo, some ROM will be transferred to RAM, 8GB RAM can be equivalent to 16GB storage experience; Actual available storage space is less than this value due to system usage

11. The data comes from the HONOR Lab. The battery capacity is the typical value. The actual charging power varies intelligently depending on the scenarios. Please refer to the actual experience

12. Only HONOR smartphones and tablets that have been partially upgraded to MagicOS 7.2 and above support this feature. The phone and tablet need to have Bluetooth and Wi-Fi turned on simultaneously and be logged into the same HONOR account.
