

Hosa Technology

Bluetooth® Audio Interface

Hosa Drive is the best way to hook up your music anywhere. The Hosa Drive Bluetooth Audio Interface is designed to add wireless capabilities to an analog mixing console, vinyl turntable, or other device not equipped with Bluetooth technology. Features include:

- **Transmit or receive audio for added versatility**
- **Quick pairing for easy set-up of devices**
- **Up to 8 hours* of battery life for extended use**

**Actual battery life may vary and is dependent on mode of use*

This product is covered by a limited one-year warranty. Visit www.hosatech.com for details.

⚠WARNING: This product can expose you to chemicals including vinyl chloride, which is known to the State of California to cause cancer. For more information, go to www.P65Warnings.ca.gov.
