| Product Etail Title | CORSAIR RX Series, iCUE LINK RX140, 140mm Fan, Single Pack |
| Product Title | CORSAIR iCUE LINK RX140 140mm PWM Fans Expansion Fan |
| Product Name | CORSAIR iCUE LINK RX140 140mm PWM Fans Expansion Fan |
| Pre-Order Option | No |
| Product Imagery Link | LINK |
| Password | rx14@_00 |

Overview

25 Word Product Description
 Add another CORSAIR 140 PWM Fan to help push through obstructions using high static pressure and PWM controlled speeds, built with premium Liquid Crystal Polymer and CORSAIR AirGuide technology.

Overview

50 Word Product Description
 Add to your iCUE LINK ecosystem with another CORSAIR RX140 PWM Fan, delivering precise speed control, outstanding static pressure, and seamless connectivity. Made with premium Liquid Crystal Polymer, the fan features AirGuide Technology for focused cooling. Requires an iCUE LINK System Hub, sold separately or included with RX140 Starter Kits.

Overview

100 Word Product Description
 Add to your iCUE LINK ecosystem with another CORSAIR 140 140mm PWM Fan, delivering superior airflow at speeds up to 1,700 RPM while producing our lowest tested noise levels. Thanks to patent-pending iCUE LINK technology, your fans can connect seamlessly together, all connected to an iCUE LINK System Hub (sold separately) with a single cable. The fan blade is made of premium Liquid Crystal Polymer for outstanding durability and increased performance, further improved by CORSAIR AirGuide Technology for focused cooling. CORSAIR's Magnetic Dome bearing ensures high longevity and low noise thanks to reduced friction, alongside Zero RPM mode for virtual silence at low loads.

Features

- **PWM Controlled Speeds via iCUE LINK:** Set precise fan speeds up to 1,700 RPM while providing up to 95.7 CFM airflow to your system.
- **High Static Pressure:** With 3.79mm-H₂O of static pressure, the RX Series is great for pushing air through obstructions such as high-density radiators.
- **LINK Your Fans Together:** The included iCUE LINK bridge connectors can connect your fans directly to each other, creating a seamless bank of fans all connected to the iCUE LINK System Hub (sold separately) with just a single cable.
- **Premium Liquid Crystal Polymer Construction:** Incredibly strong and durable, reinforced with glass fiber, resulting in excellent rigidity, reduced blade vibration, and increased performance.
- **CORSAIR AirGuide Technology:** Anti-vortex vanes direct airflow at your hottest components for concentrated cooling, pushing air in the direction you need when mounted to a radiator or heatsink.
- **Quiet Operation with Magnetic Dome Bearing:** CORSAIR's Magnetic Dome bearing minimizes noise and reduces friction for greater longevity.
- **Zero RPM Mode:** Supports Zero RPM PWM signals to completely eliminate fan noise at low loads.
- **Durable Glass Fiber-Reinforced Frame:** Built with a stronger frame capable of withstanding higher temperatures, fitted with anti-vibration dampeners to reduce noise.
- **Optional Decorative Side Plate:** Add a personal touch to your system with a Decorative Side Plate accessory (sold separately) that easily installs on the fan frame.
- **Unite Your Setup:** Create automated fan curves and fully customize your RGB lighting effects with powerful CORSAIR iCUE software, creating synchronized light shows with all of your iCUE devices system-wide.
- **Part of the iCUE LINK Ecosystem:** iCUE LINK is the next leap forward in PC building, spanning across fans, coolers, PSUs, and more, letting you neatly chain all of these components together for clean cabling, less mess, and a faster build.

Tech Specs

| | |
|----------------------|---------------------------------|
| Dimensions (mm): | 140mm x 140mm x 25mm |
| Rated Current - Fan: | 0.62A |
| Speed: | 0, 300 - 1700 RPM ±10% |
| Airflow: | 18.1 – 95.7 CFM |
| Static Pressure: | 0.15 - 3.79 mm-H ₂ O |
| Sound Level: | 10 - 36 dBA |
| Connection cable: | iCUE LINK |
| PWM Control: | 0%, 20% - 100% |
| Bearing Type: | Magnetic Dome |
| Cable Length: | 135mm |
| Warranty: | 5 Years |

Box Contents

- 1x RX140 Fan
- 1x Active Connector
- 1x Passive Connector
- 1x iCUE LINK Cable, 135mm, Slim-Slim Cable Head
- 4x QuikTurn Mounting Screws
