

# Mi Motion-Activated Night Light 2 (Bluetooth)

## 3-in-1 Smart Light

- Lighting
- Motion Detection
- Light Detection

[GL version] ID: 35131 SKU: BHR5278GL

---

### Smart Lighting Adjustments via App

- It is able to set the brightness and switching time of the night light through the Mi Home/Xiaomi Home app according to your own preferences

### 360° Rotating Design

- The combination of hemispherical lamp and magnetic absorption structure brings 360 degree freely adjustment, illuminates every darkness.

### Enhanced Eye Protection

- Features 2800K warm, gentle yellow light with no visible flicker or harmful blue light, so you can get up in the night without disturbing anyone.

### Independent Sensor Functions\*

- The night light has the sensor functions to not only detect the human body motion, but also the ambient light status of bright or dark.
- Convenient and fun, the light can be used as a motion sensor\* and light sensor\*. Using the Bluetooth gateway, the device can be set to connect with different devices in smart scenes.

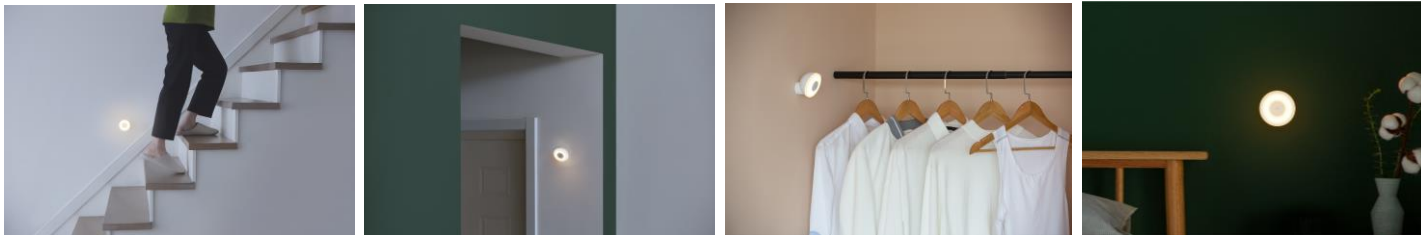

### Ultra-low Power Consumption

- 180 days of battery life at the highest brightness setting and 17 months of battery life when the light is used purely as a sensor.

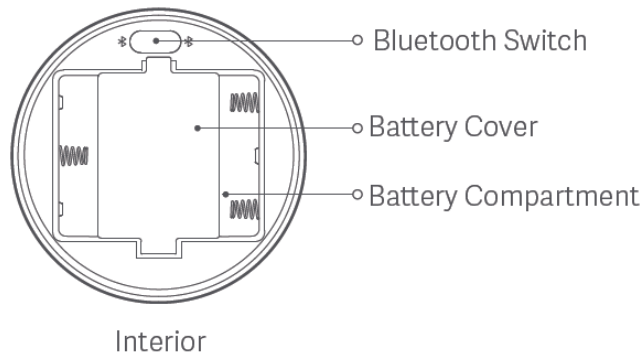

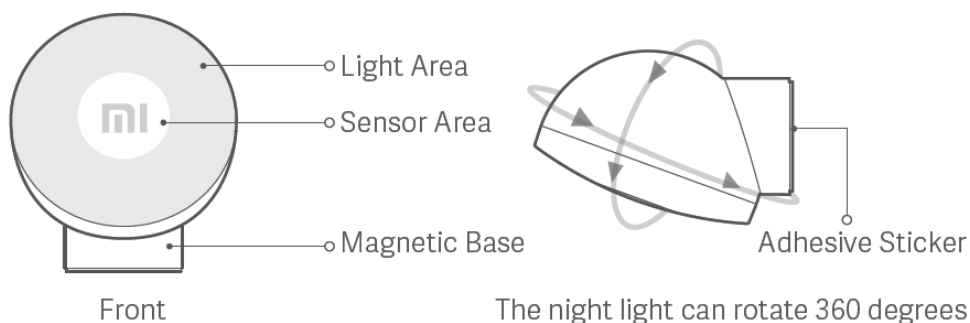

\* Sensor functions may only be enabled when connected via a Bluetooth gateway.

## Multiple Scenario to Use

## Product Overview

## Specifications:

Model	MJYD02YL-A	Operating Temperature	-10°C ~ 40°C
Luminous Flux	2.5-25 lm	Dimensions	φ80 × 62 mm
Compatible with	Android 4.4 & iOS 9.0 or above	Battery	AA battery *3 (Not included)
Wireless Connectivity	Bluetooth 4.2 BLE	Net Weight	Approx. 121 g
Rated Voltage	4.5 V	Operating Frequency	2402-2480 MHz
Rated Power	0.35 W	Maximum Output Power	≤8 dBm
