BATTERY (excluding) :

- Battery compartment located at the back of LED light.
- Open battery cover.
- Place with LR6/AA battery.
- Correctly orient battery to polarity marks (+/-).
- Replace cover

Battery Caution and Disposal:

- For best results, use type LR6/AA batteries.
- Install only new batteries of the same type in your product.
- Failure to insert batteries in the correct polarity, as indicated in the battery compartment, may shorten the life of the batteries or cause batteries to leak.
- Do not mix old and new batteries.
- Do not mix Alkaline, Standard (Carbon-Zinc) or Rechargeable (Nickel Cadmium) or (Nickel Metal Hydride) batteries.
- Do not dispose of batteries in fire.
- Batteries should be recycled or disposed of as per state and local guidelines.

Care Instruction

- The fabrics in this product are developed to resist the effects of sunlight and outdoor use.
- It is recommended remove solar panel before putting it in bag.
- It is recommended that the umbrella is kept in cover in a covered dry place when not in use. Ensure umbrella is fully dry before storing. To clean fabric, brush off any loose dirt and lightly sponge clean.
- Never open the umbrella in windy conditions. When not in use, keep the umbrella closed.
- Keep away from hot surfaces such as grills and patio heaters.
- Always ensure umbrella is secured in a proper base and check for stability.
